

Geaux Vote App

- Using the **GEAUX VOTE** App will help you assist voters with finding their correct precinct
- **DO NOT** rely on your memory or assume you know what precinct someone votes at, just because you know where they live
- **DO NOT** use anything other than the GEAUX VOTE app, the precinct register or the ROV to determine where someone votes
- If your precinct is not busy and you see that another precinct is, it will be helpful to send a Commissioner to help assist and confirm the voters are in the right line

On the next screen type the voter's first name, last name and date of birth.

We strongly recommend using the “**Birth Month / Year**” option instead of the zip code to eliminate any possible confusion.

Birth Month / Year will narrow down the search results.

Voter's information

You will get a message telling you that some features will not be available because you didn't provide both zip code and birthdate.

This is OK. You only need enough information to inform the voters what their precinct number is and where their voting location is located on the map.

Press "OK" to clear this message.

When you go to the polls to cast your vote in an election, be sure to take one of the following:

- a driver's license,
- a Louisiana Special ID,
- LA Wallet digital driver's license,
- a United States military identification card that contains the applicant's name and picture; or
- some other generally recognized picture ID that contains your name and signature.

Voters who have no picture ID may complete and sign a Voter Identification Affidavit in order to vote; however, it is subject to challenge by law.

ELECTION DAY VOTING

EARLY VOTING

Select “**Election Day Voting**” in order to see the name and address of the voting location for the voter you are trying to help.

Please Note: If you are trying to find out an early voting location prior to election day, then you should select the “Early Voting” option.
